the management based on the development, is confident, that there exists reasonable certainty that arrangement shall be extended for an additional term. The management has filed an application with the sugar mills for the extension of the concession period and accordingly, believes that the estimates of the useful lives are reasonable and no impairment exists in the carrying value of power generation plants.

- (b) Unbilled revenue amounting Rs. 15,521.03 lacs, pertains to revenue recognized by the Company during earlier years, representing amounts billable to, and receivable from the customers towards work done on certain EPC contracts under execution by the Company in accordance with the terms implicit in the contract. The delay in billing these amounts is on account of conclusion of reconciliations with the customers, pending joint measurement/ survey of the work done till date and non-achievement of milestones as per the contractual terms. Management is in discussions with the customers and expects to bill these amounts at the earliest, and believes that whilst it may take some time to recover the amounts owing to completion of certain administrative and contractual matters, no adjustments are required in respect of the same.
